<b>Location</b>	Lunaphore Technologies SA, EPFL Innovation Park, building A, CH-1015 Lausanne (VD)

Lunaphore Technologies is a young start-up active in the medtech field developing a product based on a microfluidic technology to analyze tissue samples for cancer research and diagnostics. Lunaphore is seeking a highly motivated candidate to join our team and contribute directly to the development and growth of the company.

### Summary

We are looking for a Business Development Intern to support the expansion of the company's commercial operations and ready to join a hard-working team, passionate about taking Lunaphore to the next level.

### Role/Responsibilities

- This position reports to the: Finance & Business Development Manager
- Work closely with the Finance & Business Development Manager to support the company's growth strategy.
- Perform market research and trend analysis in order to identify new collaboration and distribution partners, as well as monitoring of business dynamics.
- Take responsibility for certain project tasks relating to business activities, and coordination of those tasks based on priorities.
- Provide support in relationship management activities with current partners.
- Build, organize, and maintain targeted documentation and presentations relating to the company, to its products and to its technology.

### Required qualifications

- Currently pursuing or obtained a master's degree in business or similar field.
- Excellent knowledge of Microsoft Office suite.
- Previous experience in a related position is a strong plus.

### Required soft skills

- Strong analytical skills and ability to quickly absorb new concepts and technics.
- Fluency in oral and written English is a must.
- Ability to collaborate with others by working in a team, share information with peers and managers.
- Pro-activity with a “hands-on” approach.
- Good organizational skills and attention to detail.

### We offer

- A multidisciplinary industrial project within a young and strongly growing high-tech startup.
- An international working environment with high level of diversity and strong network.
- A highly interactive team with strong personal and technical qualities.
